**Subject:** RE: Reschedule: Pre-Brief ARA - Columbia Falls Aluminum, a new NPL- track Montana Superfund site.  
**Attachments:** Site Features Map.pdf

Site Features  
Map.pdf

Good morning,

I've attached a Columbia Falls Aluminum Site Features map for reference during today's discussion. This map locates various potential source areas identified as part of the CERCLA Site Assessment/Reassessment.

North is towards the top of the map. Based on field measurements, we believe the groundwater at the site is moving south and west. The Flathead River flows to the west near the site.

Thanks,  
Rob

**Subject:** Reschedule: Pre-Brief ARA - Columbia Falls Aluminum, a new NPL- track Montana Superfund site.  
**When:** Monday, May 18, 2015 12:00 PM-1:00 PM (UTC-07:00) Mountain Time (US & Canada).  
**Where:** Conference Center - Sagebrush

The pre-brief for Columbia Falls not occur as scheduled last Monday, so it is being rescheduled.

Apologies if this doesn't work for everyone, it was the only available time most invitees were open prior to the RA's scheduled briefing on this same subject.
